Features:

Genesis trailers feature a Smooth Aluminum Exterior and a No-Leak Roof design. Outside tie loops on the both sides, (1) per horse: provides flexibility at events as to which side to tie your horse.

Wider Genesis 7' Wide Platform increases interior width compared to standard 6'8" wide trailers.

Easy Grip Door Pulls. (1) Key fits all locks

Upper and Lower turn signals, improves visibility to other drivers and your safety.

Spring loaded Dividers rest against the wall when open and alleviate swinging into the horse during loading.

Drop Down Feed door with guards, increases air flow and access to you horse.

43 1/2" wide rear Load Door opening offers easier loading/unloading.

**Note: Options include Black Exterior, Escape Door*
