Note: Genesis GX4 4-Horse, Options may be shown

Features:

Our top-of-the-line Genesis trailers feature Smooth Aluminum Exterior, Double-Sealed Doors and a No-Leak Roof design.

Outside tie loops on the both sides, per horse; gives you greater flexibility at events on which side to tie your horse.

Wider Platform Increases Interior Room when compared to 6'8" wide trailers.

Easy Grip Door pulls. (1) Key fits all locks

Upper and Lower turn signals, improves visibility to other drivers and your safety.

Spring loaded Dividers, limiting the change of a blow up when loading, from a divider swinging into the horse.

Drop Down Feed door with guards, increases air flow and access to you horse.

43 1/2" wide rear door opening, for easier loading.

**Note: Specifications and equipment are subject to change.*
